

Elevation Seating and Tables System Specification Guide

Elevation is a modular system of benches, ottomans, and tables that can be used in groupings or as individual products. Benches are available in two and three-seat versions and feature a quilted seat resting on an oak or walnut platform. Metal base options include: an asymmetrical T-leg and a symmetrical fin leg with finish options offered in a bronze metallic or matte black powdercoat.

Connecting and corner tables are available as an option with benches to create a scalable solution for larger spaces. Tables can be positioned between or on either end of an Elevation bench. The collection also includes occasional, drum, and multipurpose tables that offer wireless and corded power options. For additional information on Elevation tables see Bernhardtdesign.com GREENGUARD Certified.
