

EXPLICACION DEL MODELO

Más es mejor. Más respaldo, más suave, más madera, más pequeño, más redondo, más cómodo, más detalles, más práctico, más popular.

Este proyecto de Rafa García cubre todas nuestras expectativas. Como su nombre indica, Folk es una propuesta popular en todos los sentidos: precio competitivo, máxima comodidad, medidas muy ajustadas, artesanía y reminiscencias vintage.

La comodidad ha sido una prioridad en el desarrollo del modelo. Gracias a la suavidad de sus almohadas, las proporciones del respaldo y su altura, hemos conseguido crear una sentada que te abraza y te permite recostar la cabeza sin necesidad de recurrir a ningún mecanismo.

La colección está compuesta por 4 sofás con y sin orejas, 1 chaise con y sin oreja, 1 ángulo, 4 módulos y 3 pufs. La opción con orejas da carácter al diseño y potencia su comodidad.

Para los respaldos y los pufs Rafa ha creado una funda opcional con un delicado acolchado que podemos incorporar a cualquier pieza.

Las almohadas de asiento y respaldo están unidas por la parte interior mediante una cremallera, ello contribuye a que ambas almohadas se adapten mejor al sentarnos y también a mantenerlas ordenadas.

Para aunar bienestar y durabilidad, el núcleo de las almohadas de asiento ha sido confeccionado con distintas densidades de espuma de poliuretano, mientras que la capa externa es de FiberDream (una micro-fibra tacto pluma). Las almohadas de respaldo, confeccionadas exclusivamente con FiberDream, son ultra-soft. Todo ello nos proporciona una sentada extra confortable.

Las patas, de madera de haya, están disponibles en natural, nogal, antracita o wengué plus.

La unión de módulos se realiza mediante carracas.

Folk se puede tapizar en tela, piel o piel sintética. Tapizado en tela es desenfundable en su totalidad; en piel o piel sintética sólo son desenfundables las almohadas.

Para calcular el precio de las combinaciones con tejidos de series distintas es preciso aplicar la siguiente fórmula:

Precio total = [(precio serie más alta+7%) + (precio serie más baja)]/2.

DESCRIPTION

More is better. More backrest, softer, more wood, rounder, more comfortable, more detail, more practical and more popular.

This project by Rafa García lives up to all our expectations. As its name suggests, Folk is a popular model in every way: maximum comfort, tight measurements, craftsmanship and vintage accents.

Comfort has been a priority in developing the model. Thanks to the softness of the cushions and the proportions of the back, the seat hugs you and enables you to lay back your head without the need for a mechanism.

The collection consists of four sofas and a chaise, with and without wings, four modules and three poufs as well as an optional quilted pouf cover and headrest.

The seat and back cushions are joined by a zip to keep them tidy.

In order to obtain a comfortable yet durable seat, the cushions combine various densities of polyurethane foam with an upper layer of FiberDream (feather-like microfibre). The ultra-soft back cushions are entirely made of FiberDream.

The beech feet are available in natural, walnut, anthracite or wengue plus.

Modules ratchet together.

The Folk can be upholstered in fabric, leather or synthetic leather. It has fully removable covers when upholstered in fabric, but only the cushion covers can be removed in natural or synthetic leather

To calculate the price with fabrics from two different prices series please use the following equation:

Total price = [(highest series price+7%) + (lowest series price)]/2.

CARACTERISTIQUES

Plus c'est mieux. Plus de dossier, plus de douceur, plus de bois, plus petit, plus rond, plus confortable, plus de détails, plus pratique, plus populaire.

Ce projet de Rafa Garcia comble toutes nos attentes. Comme son nom l'indique, Folk est une proposition populaire dans tous les sens: prix compétitifs, confort maximum, dimensions très ajustées, artisanat et réminiscence vintage.

Le confort, a été une recherche constante lors de la conception du modèle. Grâce à la souplesse des coussins, les proportions du dossier et sa hauteur, nous avons réussi à créer une assise qui enveloppe et permet de reposer la nuque sans faire appel à un mécanisme.

La collection se compose de 4 canapés avec ou sans extensions, 1 chaise longue avec ou sans extension, 1 angle, 4 modules et 3 poufs. L'option avec extension donne un caractère particulier au design et potentialise son confort.

Pour les dossiers et les poufs, Rafa a créé une housse en option avec un matelassage subtil qui peut être incorporé à tous les modules.

Les coussins d'assise et de dossier sont unis dans la partie intérieure par une fermeture éclair. Ceci contribue à leur maintien et s'adapteront encore mieux à votre assise.

Pour conjuguer bien-être et durabilité, le noyau des coussins d'assise a été réalisé avec différentes densités de mousse de polyuréthane, tandis que la couche externe est en FiberDream (microfibre, touché plumes). Les coussins de dossier, sont confectionnés exclusivement avec FiberDream ultra-soft. Tous ces éléments procurent une assise extra confortable.

Les pieds sont en hêtre et son disponibles en naturel, noyer, anthracite ou wengé plus.

Les modules sont réunis par un système d'ancrage.

Folk est réalisable en tissu, cuir ou cuir synthétique. Il est complètement déhoussable en tissu; par contre, en cuir ou cuir synthétique ne sont déhoussables que les coussins, la base est fixe

Calcul du prix avec des tissus de différentes séries:

Prix total = [(prix série la plus haute + 7%) + (prix série la plus basse)]/2.

FIRMEZA / FIRMNESS / FERMETÉ

IMPORTANTE

Para el buen mantenimiento de las almohadas recomendamos agitarlas enérgicamente una vez por semana. Ello evita que la micro-fibra se apelmace.

Folk se sirve montado en una pieza y no es desmontable. De forma excepcional y siempre que el cliente lo solicite previamente, algunas piezas se podrán fabricar para que sean desmontables en destino, cuando vayan tapizadas en tela. Estas piezas son: el sofá orejero de 240, el sofá de 228 y los módulos de 210.

Las solicitudes de composiciones modulares deben adjuntar un plano en planta al realizar el pedido. La mano (derecha/izquierda) se interpreta siempre viendo el dibujo de frente.
