

Miky / Chair  
Design / Florent Coirier

Test  
EN581-1 / EN581-2

Inspired by bistro chairs revisited in a modern key, Miky is a collection consisting of chairs and armchairs. The structure is in Fe360 tubular steel, and the seat and back are in deep-drawn galvanized steel sheet. Emu-Coat finish (cataphoresis + painting).

### Description

Code: **637**  
Typology: **Chairs**  
Collection: **Miky**

Stackable: 8  
Static Load: 200 Kg  
Test: EN581-1 / EN581-2  
Cushion Material: Polyester fabric

### Technical Info

Width: **56 cm**  
Depth: **55 cm**  
Height: **77 cm**  
Weight: **6.20 Kg**  
Static Load: **200 Kg**

### Packaging

Packages: **1**  
Pieces for pack: **4**  
Dimensions: **92x75x59 cm**  
Volume: **0.410 mü**

Polyethylene bag and cardboard box

Test  
EN581-1 / EN581-2

## Materials

### **Steel**

Iron and carbon alloy, with carbon content below 2%, treated to withstand the elements with the unique EMU-Coat anti-corrosion process.

**Maintenance:** To keep the product in good condition for a long time, we recommend storing it indoors and in a dry place during the winter to prevent condensate from forming. Before the winter and on a quarterly basis, if the products are kept near the sea, it is recommended to clean the metal surfaces with a soft cloth using water or detergent and protect them with Vaseline oil or car wax.

## Cushion Material

### **Polyester fabric**
