

## Plus4 / Extensible table Balcony Design /

Plus4 collection is made up of extensible tables: one with sizes 160+110x 90 cm and another one with sizes 220+110x90 cm, the new Balcony Tables and Imperial Plus4 Tables. The surface is made of press-formed steel, with careful work to the finishes for a better aesthetic effect. Used to allow extensibility of the surface, the rails are specifically designed by EMU for this line. The butterfly opening mechanism of the inner extension makes it easier to open these tables. Comparing to a traditional extensible table, the 110 cm extension allows adding 4 seats instead of 2, increasing the possibility of use for this product. Furthermore, the extension of the table is designed in a way that all the seats fit easily without any impediment. There are two designs available for the legs: round and conical.

### Description

Code: **3484**  
Typology: **Extensible**  
Collection: **Plus4**

Static Load: 100 Kg  
Shape: Rectangular

### Technical Info

Width: **120+52 cm**  
Depth: **80 cm**  
Height: **76 cm**  
Weight: **40.6 Kg**  
Static Load: **100 Kg**

### Packaging

Packages: **1**  
Pieces for pack: **1**  
Dimensions: **144x18x88 cm**  
Volume: **0.228 mc**

Polyethylene bag, cardboard box  
and wooden box

## Plus4 / Extensible table Balcony Design /

### Materials

#### **Steel**

Iron and carbon alloy, with carbon content below 2%, treated to withstand the elements with the unique EMU-Coat anti-corrosio process.

**Maintenance:** To keep the product in good condition for a long time, we recommend storing it indoors and in a dry place during the winter to prevent condensate from forming. Before the winter and on a quarterly basis, if the products are kept near the sea, it is recommended to clean the metal surfaces with a soft cloth using water or detergent and protect them with Vaseline oil or car wax.

## Plus4 / Extensible table Design /

Plus4 collection is made up of extensible tables: one with sizes 160+110x 90 cm and another one with sizes 220+110x90 cm, the new Balcony Tables and Imperial Plus4 Tables. The surface is made of press-formed steel, with careful work to the finishes for a better aesthetic effect. Used to allow extensibility of the surface, the rails are specifically designed by EMU for this line. The butterfly opening mechanism of the inner extension makes it easier to open these tables. Comparing to a traditional extensible table, the 110 cm extension allows adding 4 seats instead of 2, increasing the possibility of use for this product. Furthermore, the extension of the table is designed in a way that all the seats fit easily without any impediment.
