Features

- The culmination of 2 years of research and development of an acoustic phone booth that inhibits sound transmission between the interior and exterior creating a private room-in-room for workplace applications
- Laminate exterior with aluminum frame
- PET interior provides acoustic privacy
- Assembles in less than 90 minutes. Once complete, simply plug in and get to work!
- Retractable casters provide an easy way to move the pod around your space.

Options

- Exterior is available in 15 laminate finishes
- Exterior frame is available in 4 colors
- Interior is standard in PET, but can be specified in laminate for easy cleaning.
- Hardware (handle and hinge) can be specified in Black or Silver
