willow seating | product specification

Features

- Four-leg stools
- Side and back cleanout gaps
- Single piece back with small shroud covering attachment points
- Standard glides are dome shaped
- Stools stack four high on floor. No dolly available

Options

- Upholstery is available any healthcare textile (or standard Global textile, if healthcare compliance is not required)
- 17 plastic colors are available for seat, back, seat shroud, back shroud and arms. For applicable models, seat, back, and back shroud color can be specified separately. Seat shroud will always match the seat color. Arms will always match the back shroud color
- Metal frame is available in 20 Sandtex paint finishes. Four plated metal finishes are also available
- Moisture barrier option (on seat only)
- Added weight options are available. Contact Customer Service for more information
- Five glide options are available on four-leg models:
 - Colored, dome shaped, nylon glides are recommended for most flooring (available in Black or Sand color)
 - White, non-marking, dome shaped, nylon glides are recommended for most flooring
 - Glides with stainless steel pads are recommended for carpet or rubber flooring
 - Glides with felt pads are recommended for vinyl, cork or laminate flooring
 - Glides with rubber pads are non-slip. They are recommended for vinyl, hardwood, laminate, stone or ceramic flooring

MODELS: W5BSA__, W5CSA__

- Armchairs are available with two arm shapes:
 - Waterfall arms: feature a gradually sloping front
 - Grip assist arms: feature a higher, squared-off arm which can assist users in getting into/out of seating

COM Yardage

Yardage is based on unmatched materials with widths of 54 inches for seating

“PU” MODELS:

- Seat: 0.75 yards
- Back: 0.50 yards

“UP” MODELS:

- Back: 0.50 yards

“UU” MODELS:

- Back: 0.50 yards
- Seat: 0.75 yards
- Total: 1.25 yards

Infection Control

- No Velcro on seat. Underside of seat is covered by a plastic shroud
- Seamless seat. Seam sealing option is available for upholstered back models
- Moisture barrier option (on seat only)
- Replaceable seat and back
- For proper cleaning and disinfecting practices, the textile selection needs to be identified. It is vital that following any chemical application a clear water wipe down occur to avoid chemical build up that will lead to deterioration of the textile. Contact Global should information on using a specific disinfectant be required

Construction (Chair Frame)

- Welded steel frame
- 1 in (25 mm) diameter steel tube, 13 gauge
- Welded footrest bar

Construction (Seat and Back)
