

# Kaysa Seating

Design by Chris Carter

## Technical Specifications

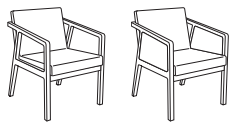

### Construction & Materials

- Frame:** Kiln-dried, solid European Beech hardwood and structurally engineered plywood; joints are double doweled, screwed, and glued for maximum strength and durability. Non-marring glides included with each leg.
- Seat:** High quality resilient sheet webbing fastened underneath high-grade polyurethane foam; corner blocking ensures sturdy support.

### Features

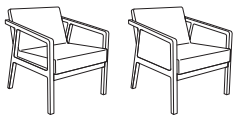

- The Kaysa Collection showcases a Mid-Century Scandinavian aesthetic with an appealing contemporary feel.
- Two arm styles, open and closed, blend classic design with modern interiors.
- Wall saver design prevents chair back from hitting and marking the wall.
- Kaysa uses renewable and recycleable materials, allowing it to meet/exceed indoor air quality and environmental certifications.
- A broad range of upholstery, leather, and finish options.
