## Diva

There's more than meets the eye.

Go beyond Diva's striking wooden exterior and discover a host of ingenious design elements, each cleverly concealed within the solid timber build and die cast aluminium features.

# Standing Height

# Meeting Table

Eye-catching aesthetics are only part of Diva's story. Smart 'powered legs' seamlessly run wires up from the floor, while a hidden under-carriage conceals power leads.

As for those 'high heels'? They house power sockets – and ensure the striking Diva lives up to its name.

- 01

**Power / Data - In Leg**  
Optional power/data leg connects power and data from floor to Seamless.  
Module Neutrik connectors at top and bottom of leg allows for plug-in power.  
Power Lead housed in flexible conduit minimises data interference.
- 02

**Plywood Undercarriage**  
Overlapping panels conceal power leads/boxes.  
Additional cable management clips available.
- 03

**Power / Data - Seamless Module**  
2x / 4x / 8x GPO  
USB Power 200mm  
Data Provision

## Diva 1.1

Exceptionally stylish;  
reassuringly practical.

Introducing Diva 1.1 –  
the younger sister of the  
beloved Diva. Showcasing  
the same striking wooden  
exterior, and featuring a  
cleaner, more streamlined  
design, Diva 1.1 offers a  
more cost-effective and  
flexible solution for the  
modern workplace.

# Standing Height

# Table

With ingenious cable reticulation concealed within solid timber legs, and the option to supply power via our Seamless Power Modules, there's more to Diva 1.1 than meets the eye.

Commanding attention yet yielding to workplace practicalities, Diva 1.1 still blends style and substance with ease, offering a range of finishes and configurations to suit any office space.

01 Simplified foot profile

02 Diva 1.1 allows for power and data cables to be run through the legs, to a centrally located Seamless powerbox

03 The die cast Leg to Rail Connectors feature our patented rail connector design which eliminates exposed screws

# Meeting Table

01 Diva 1.1 is available at three heights and is able to span up to 4000mm in length with just 4 legs.
