4-legged

star-base swiveling without return mechanism

5-legged swiveling height adjustable

upholstery category **1 2 3 4 5**

Comment

4-legged: base in powder coating colour. Or base in chrome (surcharge). With black plastic gliders.

Star-base swiveling: base in powder coating colour. Or base in aluminium polished. Swiveling without return mechanism. With black plastic gliders.

5-legged: powder coat or polished aluminium (surcharge). If the base is polished, then the operating mechanism under the seat is always made of polished aluminum. If the base is powder coated, the operating mechanism under the seat is always carried out in black. Gas spring always chromed. Castors standard soft tread breaking.

Upholstery in two colours of one fabric is possible. One colour for the back and arms, and one colour for the seat.

options:

- 4-legged base chrome
- star-base in polished aluminium
- felt gliders 4-legged or starbase
- 5-legged base in polished aluminium
- 5-legged with tilt mechanism
- castors hard, breaking for 5-legged chair
- upholstery in two different colours
