

VONDOM

BIOPHILIA SOFA

By Ross Lovegrove

The BIOPHILIA Collection explores a new avenue of design that forms a dialogue between time, shape and space. It combines the trend-setting natural design of the Sagrada Família by Antonio Gaudi, VONDOM's expertise in advanced rotational moulding technology and the ongoing line of research of digital transference into contemporary design. Taken out of craft and into the 21st century's progressive domain of polymerization and industry, BIOPHILIA is a collection that acknowledges this lineage but pushes the boundaries between material structure and shape into a new modern territory as yet unseen, diametrically opposed to modernism in its expression.
