

KE-ZU Care + Maintenance

Thank you for purchasing our products.

By law, we are obliged to provide a 12 months warranty on our products. Our suppliers all offer this or more to us. Some specific projects require more than the standard 12 months warranty. Requests for extended warranties are to be directed to KE-ZU management who will in turn seek to secure confirmation of the extended warranty from the manufacturer. In the unusual event of a claim, we have found our suppliers typically back up their product 100%.

For all GECA certified products, KE-ZU provide a 7 year warranty on their products to be free of manufacturing defects or faults from date of delivery. This warranty excludes damage due to normal wear and tear, abuse or misuse of the product or use for other than it's intended purpose.

CARE + MAINTENANCE

Anodised Aluminium

Powder coated and chromed parts need little maintenance. Dusting with a dry cloth from time to time is often enough. Greasy finger marks and stains can be treated with a damp cloth and undiluted washing-up liquid. Then wipe with a damp cloth and clean water and wipe dry. Never use ammonia or scouring agents.
